Claim Rejections - 35 USC § 112

1. The following is a quotation of the first paragraph of 35 U.S.C. 112:

The specification shall contain a written description of the invention, and of the manner and process of making and using it, in such full, clear, concise, and exact terms as to enable any person skilled in the art to which it pertains, or with which it is most nearly connected, to make and use the same and shall set forth the best mode contemplated by the inventor of carrying out his invention.

The specification is objected to under 35 U.S.C. 112, first paragraph, and 37 C.F.R.

1.71(a) and (b) as failing to provide an adequate written description of the invention, and failing to adequately teach how to make and/or use the invention. The specification does not disclose scoring at more than two predetermined locations. Clarification is required and no new matter is permitted.

2. Claim 1 is rejected under 35 U.S.C. 112, first paragraph, for the reasons set forth in the objection to the specification.
3. Claims 1,3 are rejected under 35 U.S.C. 112, second paragraph, as being indefinite for failing to particularly point out and distinctly claim the subject matter which applicant regards as the invention. In claims 1 and 5, the term "flow control/shock absorbing seal" should be "said seal." The flow control/shock absorbing seal appears to suggest the whole device as applied in the preamble. In claim 1, the term "two or more" is indefinite. The original specification does not provide more than two scoring locations. Appropriate correction is required.

Drawings

4. The drawings are objected to under 37 CFR 1.83(a). The drawings must show every feature of the invention specified in the claims. Therefore, the more than two predetermined

scoring locations must be shown or the feature(s) canceled from the claim(s). No new matter should be entered.

Allowable Subject Matter

5. Claims 2 and 4 are allowed.
6. Claim 1 would be allowable if rewritten to overcome the rejection(s) under 35 U.S.C. 112, second paragraph by deleting the word "or more" from "two or more".
7. Claim 3 would be allowable if rewritten to overcome the rejection(s) under 35 U.S.C. 112, second paragraph, set forth in this Office action.

Conclusion

8. **THIS ACTION IS MADE FINAL.** Applicant is reminded of the extension of time policy as set forth in 37 CFR 1.136(a).

A shortened statutory period for reply to this final action is set to expire THREE MONTHS from the mailing date of this action. In the event a first reply is filed within TWO MONTHS of the mailing date of this final action and the advisory action is not mailed until after the end of the THREE-MONTH shortened statutory period, then the shortened statutory period will expire on the date the advisory action is mailed, and any extension fee pursuant to 37 CFR 1.136(a) will be calculated from the mailing date of the advisory action. In no event, however, will the statutory period for reply expire later than SIX MONTHS from the mailing date of this final action.
